

THE LEARNING CONSERVATORY

Mrs. Bunyi's Class

Videoconference-CHINA

Recycling Program Launched

Join the DSRR Chinese Club for a video conference with a class in Beijing this evening. The videoconference is open to anyone who would like to attend. It is expected to begin in Mrs. Hui's room at 5:45.

Murfreesboro City School has launched a large scale effort for recycling in our schools. This will require some gentle changes for now in the classroom. Trash is separated into two trash bins. The single stream recycling bins are sent to a company that sorts out:

1) Single Stream/Recycling Bin: Cardboard (broken down), plastics with a code (1-7) except styrofoam, paper, food containers once they are gently wiped out (eg- yogurt).

2) True trash- Used kleenex and wipes, grocery bags, chip bags (silver on the inside), paper with glitter, food.

*Aluminum cans will still be collected in the hall.

All Nice and Pretty Please

Some students are turning work in on the wrong side of the paper, with tears on the side, rushed, and messy. This work will be returned in the future to be completed again. Work should have a header that includes the following information:

- Name
- Date
- Assignment

THINGS TO REMEMBER

November 22- Civil War projects due

November 23- Civil War projects on display

November 24-26- Thanksgiving

December 1- Coffee with Dr. Clark at 8:45am

December 7- PTA meeting at 6:30

December 17- 1/2 day
